

PRODUCT FEATURES

Packing Type	25 kg. Kraft Pouch
Appearance	White Granular Powder
Dry Density	500 ± %10 (kg/m ³)
Thermal Conductivity	0.064 (W/mk) T1
Acoustic Insulation	27 Db
Compressive Strength	1.97 (N/mm ²) CSII
Bond Strength	0,368 (N/mm ²)
Water Absorption	0,344 (kg/m ² min 0,5) W1
Fire Endurance	(1000C°)A1
Shelf Life	16 Months
Heat Range	+5C° +35C°

Application Method	Machine or Steel Trowel
Consumption	1 cm/m2 appr 7 kg.

Thermolock Self Levelling for Terraces provides insulation over heat, cold, water, moisture and fire of horizontal surfaces such as terrace and balcony which are directly exposed to external factors as rain and snow. It is applied directly on table concrete. It ensures full insulation and levelling.
