

PRODUCT FEATURES

Packing Type	20 kg. Kraft Pouch
Appearance	White Granular Powder
Dry Density	333+-%10(kg/m,)
Thermal Conductivity	0.060 (W/mk) T1
Acoustic Insulation	25 Db
Compressive Strength	1.638 (N/mm2) CSII
Bond Strength	0,319 (N/mm2)
Water Absorption	0,312 (kg/m'min 0.5) W1
Fire Endurance	(1000C°)A1
Make-ready time for painting	48 Hours
Shelf Life	16 Months
Heat Range	+5C° +35C°

Application Method	Machine or Steel Trowel
Consumption	1 cm/m ² appr 5 kg.

By means of advanced technology and inorganic natural aggregates used in exterior coating, it is a multipurpose single component isolation coating produced as white-colored and A1 class noninflammable having the feature of high diffusion (breathability) which provides an isolation over heat, sound and fire.
